MTSA BOARD and COMMITTEE MEETINGS SCHEDULE 2020-2021

Michigan Transition Services Association (MTSA) respects and appreciates the collaborative efforts put forth by its education and agency partners who serve on the Board and various committees. THANK YOU! The work done by you for the Association is highly valued. Your individual perspectives strengthen the Board, as well as each other in your various employment settings. The work you do for the Board is on a voluntary basis, though attendance at the meetings is usually during your work time. Your employers have graciously allowed you to be a Board or committee member and allowed you to perform Association duties during work time. As transition focused Board and committee members, you believe that your responsibilities are to your consumers/students and to your employers. You understand that you are accepting additional responsibilities on top of your job requirements and will only maintain a volunteer position as long as you can effectively perform your job requirements. Board and committee meeting attendance is recommended and appreciated to allow MTSA to remain current in its efforts to provide statewide transition supports to students, families, agency representatives, and educators. Refer to Policies and Procedures for details.

NEW FOR 2020-2021:

Executive board are the only members required for in-person meetings for the 20-21 year unless invited by the board president. All meetings will be held virtually and will continue to be re-evaluated throughout the year.
