It was dark and depressing time of
my life

Living with autism as an adult

- I have some vocal phrases I like to say
- I struggle with loud sounds, being in crowds and having people touch me.
- As Maria would say, "There is some gray in there". I am a black and white thinker.
- I like to have a routine and schedule
- I struggle with organizing my space
- I have a special interest

This is hard for
me to look at.
